

## **HARVEST HOUSE PUBLISHERS EXTENDS CONTRACT WITH BOREK BUSINESS SOLUTIONS TO IMPLEMENT ADDITIONAL MICROSOFT DYNAMICS ERP MODULES**

**Eugene, OR – July 1st, 2008** - Borek Business Solutions, a full-service business and information technology consulting group specializing in Microsoft Dynamics GP™ and Microsoft Dynamics™ CRM, announced that Harvest House Publishers has selected Borek to perform the project management and coordination, implementation, training, and support of its complete Accounting, Distribution, and Warehouse processing systems. Harvest House has been using the Microsoft Dynamics GP modules for most of its accounting needs for years but has recently decided to expand the system to encompass other departmental areas.

Harvest House gained a reputation of being affordable, trustworthy and practical by meeting people's most current needs in three major categories: self help (relationships, family, money, Christian living), Bible helps (Bibles, Bible studies, topical studies), and full color gift books featuring name-brand artists. More than 100 million Harvest House books have been sold worldwide in bookstores, gift stores, grocery stores, airports, mass market outlets, catalogs, and on Internet sites. Millions more have been sold in 75 languages around the world.

"Harvest House Publishers had been looking for ways to streamline our business processes," says Stephanie Osborne, Director of Information Technology at Harvest House. "We have been pleased with the attention to detail and consistent and complete support we get from Borek Business Solutions."

"Our Distribution department and the entire company will benefit in many ways from the additional software that Borek has recommended. We have truly worked as partners to research the right pieces to help extend the reach of Dynamics and improve both our daily business and our financial reporting" Stephanie Osborne continues. "We work well with Roger Borek and his team and look forward to continuing this partnership."

### **About Harvest House Publishers**

Harvest House was conceived in 1974 with just five titles and a dream in the heart of its founder, Bob Hawkins, Sr. Within two years, five of its titles had sold over 100,000 copies and one title had even hit the best seller list for eight months in a row. By the late 1980s, Harvest House was among the top ten American publishers of Christian literature and has now risen to the top five by publishing more than 160 new books each year and offering a strong backlist of more than 700 titles.
